OUR HISTORY

HELENA & KRZYSZTOF BĄCZEK
OWNERS OF AMEX-BĄCZEK

We are a family business operating in the wood joinery industry for over 20 years. We specialize in the production of PVC and aluminum windows and doors. We also offer terrace systems, sunrooms, aluminum façades, and fire protection systems. We are an official distributor of the Wiśniowski brand of gates and fences.

We sell our products both in Poland and in markets across Europe. We have a network of proven trading partners and our own showroom located in Łława, Warminsko-Mazurskie Province.

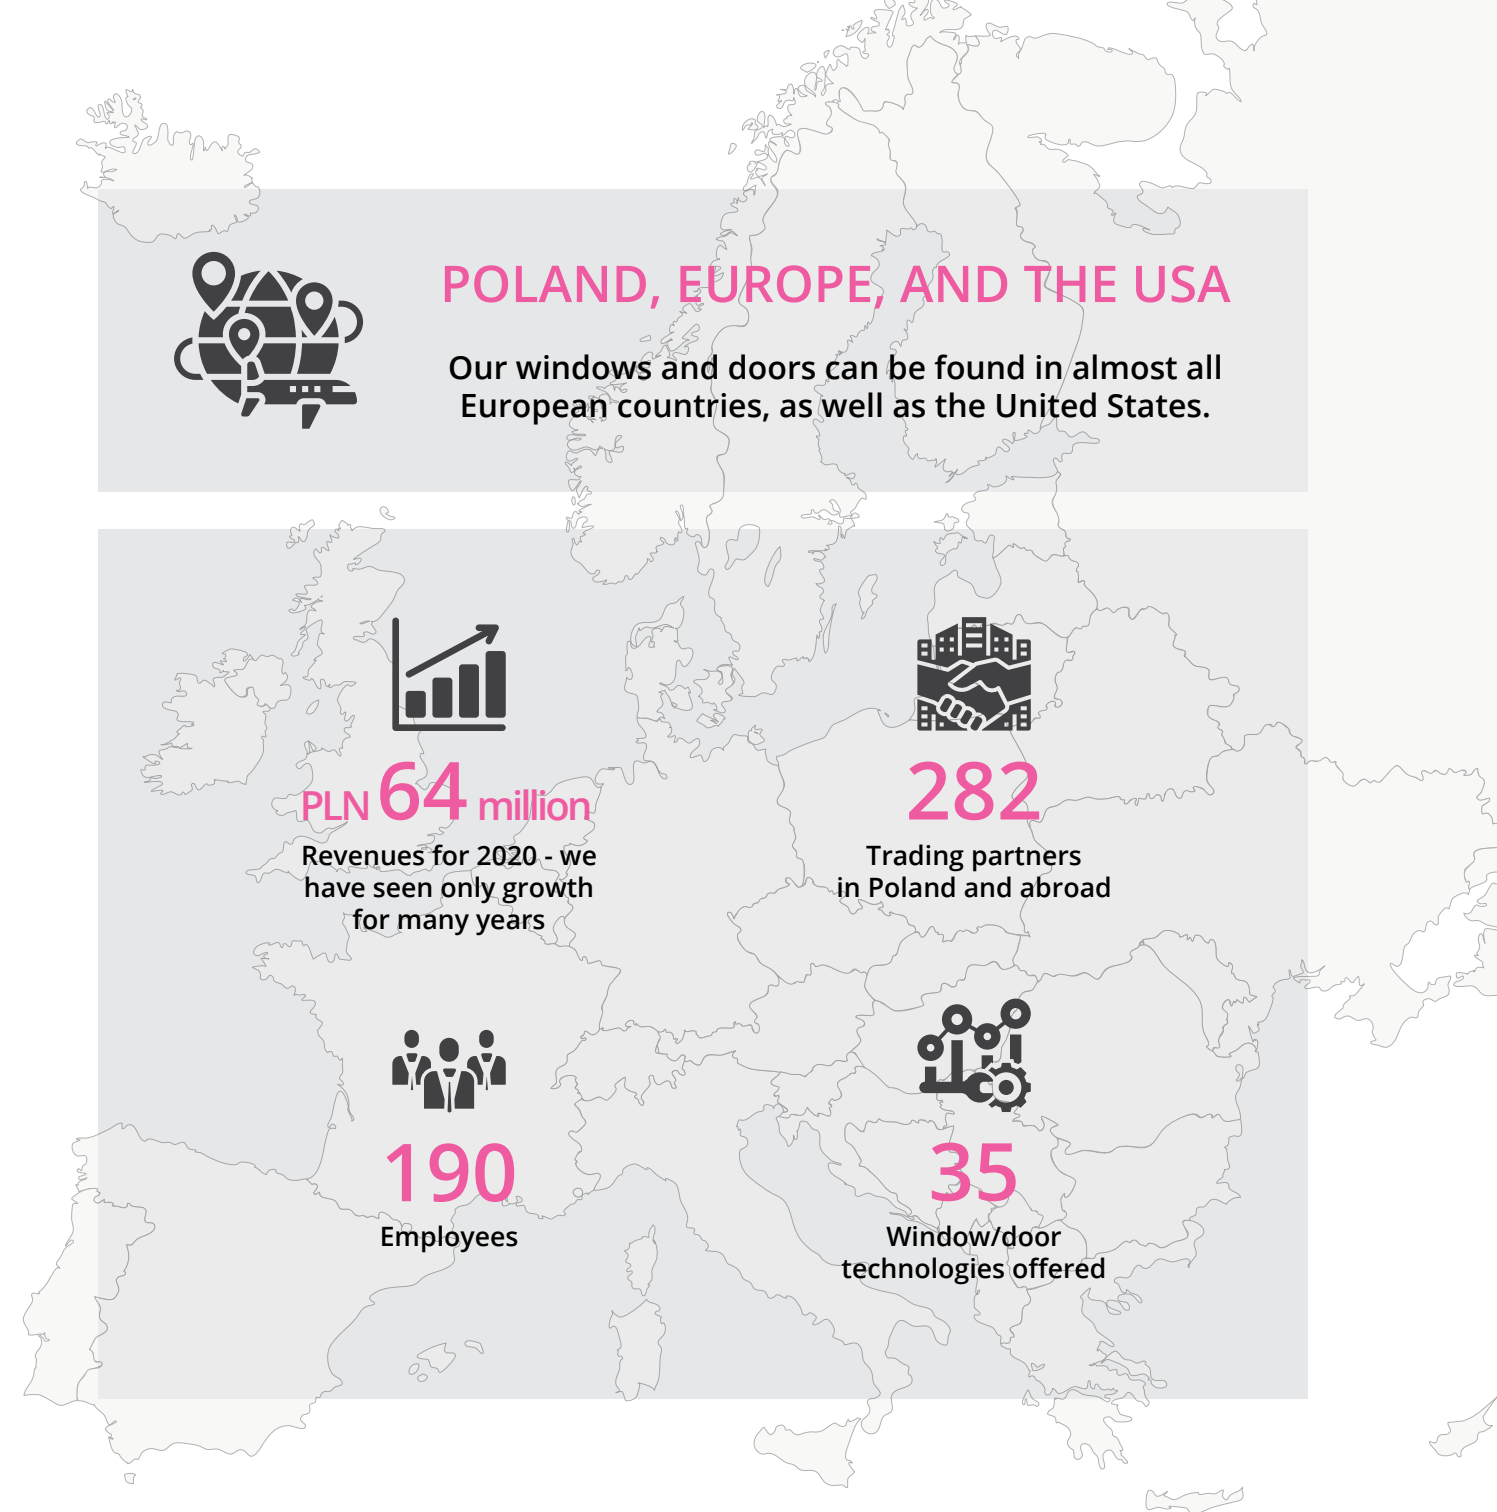

In our everyday operation, we provide about 185 jobs, mainly to the inhabitants of Susz Township, where our headquarters and factory are located. We often engage in the life of the local community. We sponsor both local associations and sports and cultural events. We also support educational establishments and those in need. Thanks to financial resources obtained from the European Union, we are consistently growing, increasing the quality of our products, and expanding our operations.

INNOVATIVE TECHNOLOGY

In 2018, we launched a new PVC production plant with two innovative processing lines. From this point on, we have been producing windows and doors using the slim and very esthetically pleasing Contourline seam. The cost of the entire investment was over PLN 9 million.

SELECTED PROJECTS

SCENA APARTMENTS IN GDAŃSK-WRZESZCZ

For an apartment building which houses 55 high-standard apartments and 6 commercial and service properties, we supplied 109 windows and doors with a total area of 800 m², as well as 240 m² of aluminum façades.

ST. CYPRIANS HOTEL IN LIVERPOOL

The historic church and accompanying building were converted into a hotel for college students. The aluminum windows and doors installed here have an area of approximately 400 m², and the arc-shaped and circular windows are more than 200 m².

LONDON PREMIER INN TOLWORTH HOTEL

We supplied the Tolworth Hotel in London with a wide range of window/door systems, including ones with enhanced thermal insulation.

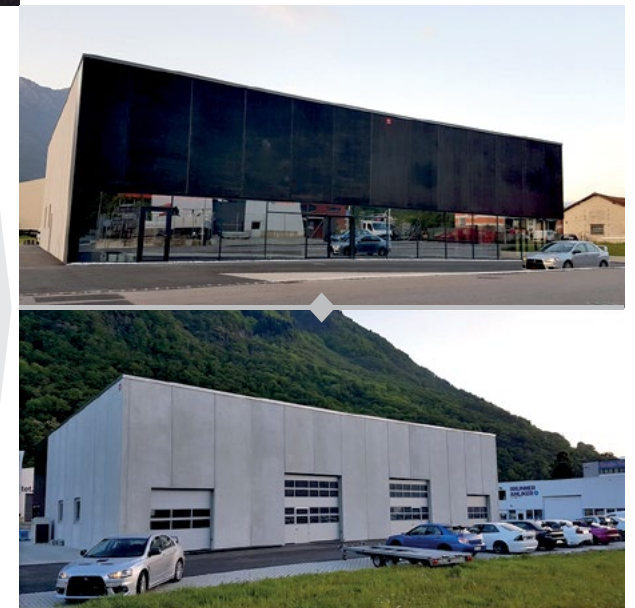

SCHOOL AND KINDER- GARTEN IN ICELAND

This wild area of Iceland was converted into a self-sufficient district of Urriðaholt. We supplied a range of aluminum structures to the school and kindergarten: façades, automatic doors, and awning-parallel windows.

CAR SHOWROOM IN SWITZERLAND

To a car tuning showroom located in the picturesque Swiss mountains, we supplied 100 m² of façades, windows, and doors, and industrial gates equipped with panic lock doors.

CALAMO PARK IN OLSZTYN

*Large building projects
are not a problem for us.
In this case, we furnished
more than 260 apartments in
a complex of four seven-story
buildings with 770 pieces of
G-LINE 74 windows.*

OPERA APARTMENTS IN OLSZTYN

*We equipped a 6-segment
building, the tallest part of
which has 11 floors, with
540 windows and 55 lift-slide
terrace doors.*

RESEARCH AND DEVELOP- MENT CENTER IN LUBAWA

*We supplied to the research
and development center of
LUBAWA S. A. 220 m² of façades,
370 m² of windows and doors,
and aluminum fire protection
systems with up to 30 or 60
minutes of fire resistance.*

WILLA KSAWERYN IN WARSAW

*We equipped this multi-family
luxury building, located in the
Wawer District of Warsaw,
with 215 pieces of G-LINE 74
windows.*

DISTRICT PROSECUTOR'S OFFICE IN IŁAWA

We delivered a range of G-LINE 74 windows and aluminum doors and showcases to the modernized Iława Prosecutor's Office building.

DISTRICT COURT IN IŁAWA

For the courthouse in Iława, we produced 410 pieces of G-LINE 82 burglar-resistance-grade RC2 windows, 46 steel doors, a skylight in the roof, and a glass skyway between the main buildings.

WARDROM BATHROOM SHOWROOM IN IŁAWA

We provided aluminum windows, showcases, automatic slide doors, and doors with door closers to a new bathroom showroom. In addition, we installed G-LINE 74 windows and a Wiśniowski segment gate in the facility.

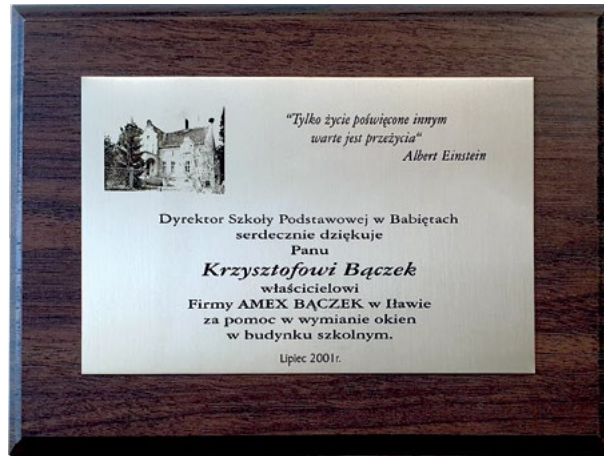

CULTURAL CENTER IN CHOJNICE

The Cultural Center in Chojnice is another public facility for which we supplied building materials. It included 250 m² of aluminum façades and automatic and panic doors.

» we sell globally «

WE REACT

*The Coronavirus attacked suddenly,
and healthcare workers
are now on the front lines,
risking their health to help those in need.
That is why we decided to financially support
the hospitals in Iława
and in the neighboring Ostróda.
We also gave priority to an order from the
Provincial Hospital in Toruń for aluminum
joinery to separate a newly created
infectious diseases ward.*

WE HELP

*Since the company was founded, we have
been working to support people and
institutions in need. We primarily help the
local community.*

*Many times, we gave our
windows and doors
to educational institutions
and families affected by various disasters.*

*We support charity by donating funds or
vouchers to use in our Iława showroom.*

*We also support churches and collect
donations among our employees for families
in need.*

» we act locally «

WE INTEGRATE

*We have repeatedly supported
local cultural centers, village councils,
and educational institutions
in organizing various types
of social events.
We have supported rural festivals,
Children's Days, and summer activities
for children, both financially and materially.
In 2016, we also financed
lunch boxes for all first-graders
from Susz Township.*

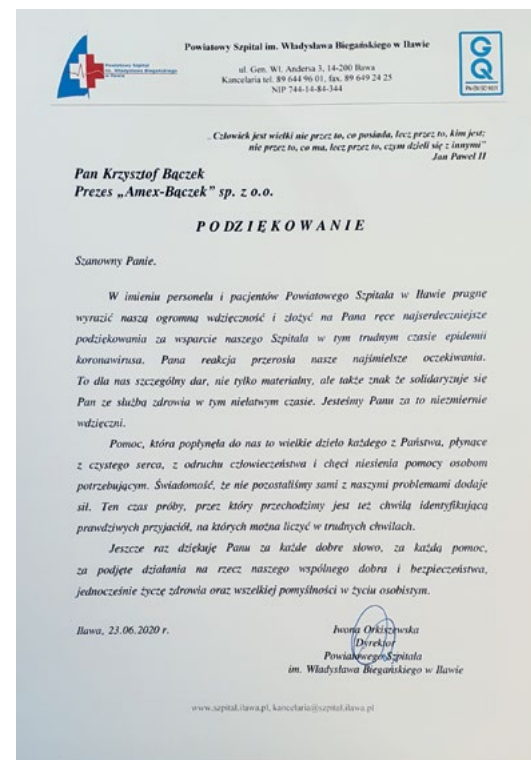

WE SPONSOR

*We have always supported local
associations, as well as sports and cultural
events. Today, we are the main sponsor of
the 3rd league football club
GKS Wiekielec, and in the past we also
supported Jeziorak Iława, Unia Susz, Czarni
Rudzienice, and Pogoń Prabuty.*

*FootVolley World Tour Stare Jabłonki
2016, Iława Days 2017, the sailing regatta
of the uniformed services, and trips for
tournaments abroad for police teams from
Warmia and Mazury are just a few projects
to which we have contributed.*

*We also sponsored the vote for the most
popular athlete according to the readers of
Dziennik Elbląski and Gazeta Iławska, as well
as a 5-km night run held in Iława.*
